THE COLLEGE YELL

Dowie's Sermon Was Interrupted by a Number of Students on the Outside.

THE MERCHANTS' CONTRIBUTIONS

For the First Time Dr. Dowie Ordered the Newspaper Reporters Excluded From Meetings.

Those Who Were Seated at the Reporters' Table Were Escorted to the Door at Dowie's Orders By the Guards.

New York, Oct. 22.—"Just to show that I am in favor with the Christian merchant princes of this city," said Dr. Dowie, Wednesday, "I will announce the money which has come to me this morning alone. These sums are from men unknown to me, but who evidently believe I am right. One sends me a check for \$5,000; another a check for \$1,000; another for \$1,500, and another gave me \$200. These contributions are unsolicited. They were accompanied by the kindest words."

During Dr. Dowie's sermon a number of students marched out in squads. Dr. Dowie was forced to stop, and after he began again he was interrupted by a college yell from outside the garden ending with the slogan, "Dowie, Dowie, Dowie."

"They are like most of the students I know," said Dr. Dowie, "their brains are in their feet."

At this a well dressed man got up and as he was leaving Dowie shouted at him: "You are not commonly decent."

For the first time Wednesday Dr. Dowie ordered reporters excluded and those who were seated at the reporters' table were escorted to the door at Dr. Dowie's orders to his guards to "Clear the tainted vipers out of here. Be careful how you handle them, not to get any of their filth on you. Now get out, you mean dogs, you yellow scoundrels of the press. We will have no more of you in here. I am paying for this place, you lars. This is my building. Hurry up, guards, the sight of them disgusts me. Don't waste any restoration talk on the lars. It is useless. They have sold their souls to the devil. I never hope to convert a reporter. They would be backsliders."

A squad of inspectors from the health department invaded Madison Square garden and ordered sweeping changes in the method of quartering the Zion guards and a part of the "host" of 4,000 there. An order was posted that only a certain number of persons could sleep in each room and that there must be better ventilation. The inspectors also visited the kitchens and watched the preparation of the meals. The fact that 43 members of Dowie's followers whom he brought here were sick Wednesday warranted the health department in taking action, so Commissioner Leder said.

CROWD'S MAD RUSH.

Many Injured in An Attempt to Get into Madison Square Garden.

New York, Oct. 22.—Thirty thousand people, according to the estimates of the police, tried to get into Madison Square garden to see John Alexander Dowie Wednesday night. About one-third that number had secured admittance when at 8 o'clock Dowie ordered the doors closed. When the other 20,000 found themselves shut out the wildest disorder prevailed and the police, 400 strong, were for a time utterly unable to cope with the mad rush of the crowd. Men and women were knocked down and trampled on and many narrowly escaped death in the crush.

Several times Inspector Walsh sent in calls for extra reserves and it was not until the meeting was suddenly terminated by Dowie shortly after 9 o'clock that anything could be done with the crowd.

In the surging of the throng Grace George, who was on her way to a theater where she is playing, was swept off her feet and trampled on and had her clothing badly torn. She accused the police of handling her roughly.

Mrs. William J. Buckley, of Newark, N. J., was caught in the crush and fell fainting to the street. She was badly bruised. Inspector Walsh, who was near the woman when she fell, and with the aid of 15 policemen, rescued her and carried her to safety.

William A. Brady, theater manager and husband of Grace George; Lorenzo Water, broker, and Channing Pollock, press agent, were arrested on charges of disorderly conduct. Traffic was blocked for an hour.

Pipe Mill Closed Down.

Pittsburg, Oct. 22.—The closing down at Etna Wednesday of Spang Chalfant Co.'s pipe mill has added 100

more men and boys to Etna's list of unemployed. Not since 1893 has there been so many men idle. The mill is closed indefinitely.

BURGLAR IN WOMAN'S GARB.

He Ransacked Suburban House and Eluded Bloodhounds.

Lexington, Ky., Oct. 22.—After ransacking a suburban house, eluding bloodhounds and riding his stolen horse to death, an unknown burglar in the garb of a woman succeeded in effecting a daring and exciting escape early Wednesday morning and is now believed to be in hiding in Lexington. He first entered the home of Mrs. Zach Crews, 11 miles from here, while the family was at supper, and stole \$105 in money and other valuables. Mrs. Crews' son saw him dressed as a woman and thought the burglar was his mother. Bloodhounds were put on the trail and they came within 100 yards of him when he mounted a pasture horse and escaped, the bloodhounds being so intent on the trail that they made no attempt to catch him until too late. The horse was found dead a mile from the city Wednesday morning. The burglar is believed to be the same man who operated at Burgin and other nearby points.

FROM THE ENGLISH TURF.

W. C. Whitney Announced His Intention of Retiring His Horses.

Lexington, Ky., Oct. 22.—In an interview at La Belle stud Wednesday afternoon W. C. Whitney announced his determination of retiring his horses from the English turf. He had been asked by a correspondent if he expected to send any more of his horses abroad, and answered:

"I am going to bring my horses home. There is little sport in having horses that one is unable to see and besides," he added with a smile, "my trainer, John Huggins, is getting old." He said, however, that Americans ought to feel proud of the showing their horses have made on the English turf. Mr. Whitney has decided not to buy a farm near Lexington, as had been announced, but to keep his string in New York, where he can be close to them. He will keep his horses here for the present, however.

BY A GREEN HORSE.

World's Record For a Trial Mile Was Made at Lexington.

Lexington, Ky., Oct. 22.—The world's record for a trial mile by a green horse was made here Wednesday afternoon when ten times caught Angles' time for a trial mile in 2:06 3/4. Angle, ch. m., 4 years, is by Axtelle, dam Lena Rivers. She trotted the last half in 1:02 3/4 and the last quarter in 32. The former record of 2:07 for a green horse was held by Lord Derby. Lou Dillon's best record before she entered a race was 2:08 1/4. Angle is owned by J. J. McDonald, of Cuthbert, Ga., and was trained and driven by W. F. Freeman.

Petersburg, Ky., Oct. 22.—While removing whisky from one of the warehouses here, W. T. Evans found a strange kind of snake. It was about four feet long, its body deep green with the head black and the eyes were blood red. An effort was made to capture it alive, but it was unsuccessful.

QUEEN OF THE SEA.

The New Battleship Missouri Made an Average Speed of 18.05 Knots Per Hour.

THE FASTEST BOAT OF HER CLASS.

With Tidal Corrections in Her Favor It is Believed That She Will Advance it to 18.22.

The Big War Vessel at One Time Attained a Speed of 18.75 Knots Per Hour—Navy Officers Well Pleased.

Boston, Oct. 22.—The new battleship Missouri Wednesday proved herself the queen of the seas for battleships of her class in a speed trial trip over the Cape Ann course with weather conditions of a considerably handicapping nature.

Steaming over a course of 33 nautical miles and return the battleship made an average speed of 18.05 knots per hour, which with tidal corrections greatly in her favor, it is believed will advance it to 18.22, a new world's record for battleships.

The first part of the run was made against a strong northwest breeze which kept down the speed to 17.64 knots, but coming back the conditions were more favorable, and the 33 knots were covered in 1 hour and 47 minutes and 9 seconds, a speed of 18.46 knots per hour.

The big battleship at one time attained a speed of 18.75 knots per hour. The contract requirements call for 18 knots and a margin was very gratifying, not only to the builders, the Newport News Shipbuilding and Dry Dock Co., but to the government officials on board. The best previous record made by a battleship in the Missouri's class is that of the Maine, a sister ship, which was 17.98 per hour.

The Missouri left her anchorage in President's roads shortly after 8 Wednesday morning and steamed down to Cape Ann, where the measured course began. On the battleship was the naval trial board, a number of naval officers stationed in and near Boston and guests of the company. The weather was clear, but a stiff quartering breeze blew from the northwest and roughed up the water considerably.

On the northern leg the engine attained a speed of 121 revolutions a minute and the average for the entire trial was 117.

At the conclusion of the speed test the Missouri was tested as to her steering abilities. She described the figure 8 turning in from 20 to 25 seconds, with an angle of heel of about 4 per cent. The usual stopping, backing and anchoring tests were then given, at the conclusion of which the vessel returned to Boston light and after landing her passengers started for Newport News.

ARCHBISHOP KAIN.

His Remains Laid to Rest With Pomp and Ceremony.

St. Louis, Oct. 22.—With all the pomp and ceremony befitting his high rank in the Roman Catholic church, the remains of Archbishop John J. Kain were laid to rest Wednesday in Calvary cemetery beside the grave of Archbishop Kenrick, whom he succeeded and whose coadjutor he formerly was. Cardinal Gibbons, with an imposing array of the princes of the church, officiated at pontifical high requiem mass, which was sung by 100 seminarians from Kenrick seminary, accompanied by the immense organ in the old cathedral.

FRANK BROWN RELEASED.

He Was in Prison in Guatemala For Shooting An Italian.

Washington, Oct. 22.—Frank Brown, a native of Mansfield, O., who has been languishing for nearly a year in an unclean dungeon in Guatemala, has been released. Brown shot an Italian, as he claimed, the result of accident, but was imprisoned without trial. The department of state learned of Brown's condition through a letter he wrote to an Ohio paper and instituted investigation. Maister Combs has now cabled that he has secured the prisoner's discharge.

EDITOR MORSS' DEATH.

Lost His Balance in a Window and Fell Three Stories.

Indianapolis, Ind., Oct. 22.—Samuel F. Morss, editor of the Indianapolis Sentinel, fell from the third story window of the Sentinel building Wednesday morning and died a few moments later. He had been in poor health for some time. It was announced by his private secretary that he had probably opened the window for air and was overcome by heart trouble. Financial troubles have been worrying him recently. He left a widow and one daughter. Samuel F. Morss was born in Fort Wayne, Ind., December 15, 1852. In 1871-75 he was a member of the editorial staff and editor-in-chief of the Fort Wayne Gazette, and later became editor and part owner of the Fort Wayne Sentinel. He was one of the founders of the Kansas City Star. After returning from a European trip, from 1883 to 1888 he was Washington correspondent of the Chicago Times. In 1892 he was chairman of the Indiana delegation to the national democratic convention and a member of the committee on resolutions. From 1893 to 1897 he was United States consul at Paris.

MOSES FOWLER CHASE.

His Father Declared to Be Legal Guardian of His Person and Property.

Chicago, Oct. 22.—By affirming a decision of the federal court for the Indiana district the United States circuit court of appeals here Wednesday declared Frederick S. Chase, of Lafayette, Ind., to be the legal guardian of the person and property of his son, Moses Fowler Chase, said to be worth nearly \$1,000,000. By this ruling of the higher court George Hoadly, Jr., was loser and the aunt of young Chase, Mrs. Ophelia Duhme, on whose petition Mr. Hoadly was appointed guardian of her nephew, in Cincinnati, failed to secure control of the young man and his valuable estate.

While an appeal to the United States supreme court is possible, Wednesday's ruling is conceded to be practically the end of the legal battle which has been carried on for several years for the guardianship of young Chase, who has been pronounced mentally unsound.

A BOILER EXPLOSION.

Four People Were Killed and Several Badly Injured.

Elkins, W. Va., Oct. 22.—Four persons were killed and several injured Wednesday by the explosion of the boiler of a West Virginia Central railroad freight locomotive in the yards here.

The dead: William R. Little, engineer; Henry Collett, fireman; J. T. Harper, machinist; Mrs. Kate Babbett, John Dougherty, a brakeman, and an unknown Italian were probably fatally injured. Mrs. Babbett was in her home 500 feet away from the scene of the explosion. A piece of flying iron struck her. Telegraph wires were prostrated, tracks torn up and two freight cars were wrecked. It is not known what caused the explosion.

EX-WARDEN SOFFEL DIVORCED.

His Wife Was a Figure in the Escape of the Biddle Brothers.

Pittsburg, Pa., Oct. 22.—Peter K. Soffel, ex-warden of the Allegheny county jail, was Wednesday granted a divorce from his wife Kate, the jury finding that the charge of infidelity was sustained. Mrs. Soffel was a sensational figure in the escape from the jail of the convicted murderers, Ed and John Biddle, nearly two years ago. For her part in the escape Mrs. Soffel is serving a sentence in the Western penitentiary. She was not present at the trial and no evidence in her favor was offered.

SENATOR FORAKER ILL.

He is Confined to His Room in a Sandusky Hotel.

Sandusky, O., Oct. 22.—Senator Joseph B. Foraker is ill at a hotel in this city. MORE REMOVALS.

Superintendent of Supplies of the Post Office Department Dismissed From Office.

ALSO CHIEF OF REGISTRY DIVISION

C. B. Terry a \$900 Clerk in the Department Also Removed From His Position by Postmaster General.

This Action is the Result of Fourth Assistant Postmaster General's Report on Irregularities in the Department.

Washington, Oct. 22.—Postmaster General Payne Wednesday removed from office Michael W. Louis, superintendent of supplies of the post office department; Louis Kempner, chief of the registry division of the third assistant postmaster general's office, and C. B. Terry, a \$900 clerk in the post office department, and directed the postmaster at New York to remove Otto Weis, a clerk.

These removals are the first result of Fourth Assistant Postmaster General Bristow's report on the irregularities in the post office department. Information of the contemplated discharges did not leak out at the department until after 4 o'clock.

Following is Postmaster General Payne's official statement:

"Michael W. Louis has been removed from the office of superintendent of the division of supplies because the recent investigation shows that he influenced the awarding of contracts for supplies to favored bidders; that he has been extravagant and wasteful in the administration of his office; and that he has paid excessive prices for supplies to favored contractors."

"Louis Kempner, superintendent registry system, has been removed for incompetent and negligent administration, for wasteful and reckless extravagance in sending expensive manifold registration books to a large number of small fourth-class post offices, and for violating the revenue laws by a system of petty smuggling."

"C. B. Terry, a clerk in the division of supplies, has been removed for making false affidavits; attempting to obtain money from clerks under the guise that he could influence their promotion; and general inefficiency."

The postmaster general also stated that the postmaster at New York had been directed to remove Otto Weis, a clerk in the New York post office, for collecting money from clerks to influence legislation and to procure promotions.

Terry is from Indiana. He was temporary clerk in the post office department and was afterward removed. He made charges that he had been discharged from his position by John M. Masten, then chief clerk of the first assistant postmaster general, but now assistant superintendent of the railway mail service, because he had refused to give money to Masten for his retention and the president directed his reinstatement. It is understood that the investigation failed to substantiate Terry's charges and his permanent removal is the result of the failure.

The possible effect of the Bristow inquiry upon the fortunes of Louis Kempner has been much discussed. Both have been in the postal service for some years.

Liabilities, \$7,693,782.23, including: Capital stock, \$2,000,000; surplus and undivided profits, \$580,669.51; circulation, \$700,000; due to banks and bankers, \$2,357,557.26; unpaid dividends, \$5,448; deposits, \$1,932,107.26, and bills payable, \$100,000.

Vote against assassination.

Vote against the party that seeks to shield assassins.

Vote against the party that has defended assassins and maligned their victim.

Cast your vote against the party that stands for confusion, anarchy, bloodshed and assassination.

Vote against the party whose former leader is in voluntary exile on account of his connection with a band of assassins.

Vote against the party that has thrown every obstacle in the way of the prosecution and punishment of the Frankfort assassins.

The election comes off a week from next Tuesday. Let every Democrat plan to vote, and see that your Democratic neighbor does likewise.

With Dr. Hunter, D. C. Edwards and John D. White dividing the Republican vote, the Democrats may elect the next Congressman from the Eleventh district.

Vote against the party that has given its moral support, as well as pecuniary aid to assassins and assassination and in every way sought to shield the gang which is everywhere recognized as the instigators and procurers of the death of Governor William Goebel.

THE JUDICIAL RACE.

Important as it is to the best interests of Kentucky that the Democratic State ticket should be elected on November 3rd, it is, if possible, more important that we elect our candidates for Circuit Judge and Commonwealth's Attorney.

An honest, firm and intelligent judiciary is the sheet anchor of our form of government. When passion, prejudice and partisanship would override justice it is the calm, incorruptible Judge who stays the storm until reason again asserts itself; and when crime, with its blight upon the community, lifts its head in our midst its suppression depends upon the courage and ability of our Commonwealth's Attorney. A fearless and honest

administration of justice involves everything that constitutes stability and society. The peace and prosperity of our State is largely influenced by the character of our Judges,—while things so sacred as domestic relations and property rights must look to them for adjustment; and the criminal class is best held in subjection by the knowledge of a certain and vigorous prosecution.

The character and qualifications of James P. Harbeson and Thomas D. Slattery are a guarantee to this district of every requirement exacted by the highest standard of judicial fitness. Every citizen in this district is interested, vitally interested, in the result of the present fight. Let the voters of this district see that they are elected.

CAMPAIGN REPORTS ENCOURAGING.

Reports from the campaign throughout the State are highly encouraging. The one thing remaining for the Democrats to do is to get out their vote. The large and enthusiastic rally at Louisville this week, coupled with the returns from the registration, points to a rousing Democratic majority in the metropolis of Kentucky. Speaking of that big rally the Courier-Journal says:

The great overflow of Democrats at Music Hall Tuesday night must kill the last hope of the Republicans—if any such hope survived so late in the campaign—that they had any chance to carry Kentucky this year. Certainly if the Republicans cannot win in this city they cannot win in the State, and that Louisville is its old Democratic self is as unmistakable from last evening's "rouser" as anything in politics can be. When the Democrats of this town come together in such numbers and in such spirit there is no opposition that can stand before them; and confronting a party thus united and thus animated, the Republicans of Louisville, with merely their stock charges of fraud and corruption, can hardly be called opposition. It is as certain that this city will do its part to swell the old-time Democratic majority of the State as that the election is to be held next month. And every intelligent Republican in Louisville who has kept his eyes open knows this.

The Influence of the Church in Politics.

In a recent sermon Rev. W. J. Cady of Stamford, Conn., ended a vigorous sermon on local conditions by saying:

"I ask you to throng the primaries for the purpose of demanding the nomination of the cleanest, purest and best type of American manhood that can be found. If we fail to do this, then our nation will die."

Does not Rev. Cady and all other ministers who are making similar appeals to their congregations realize that they are made to a class of people, the great majority of whom have no right to go to the primaries or no power to influence the nomination or election of any candidate?

The church census shows that only one fourth or one-fifth of the attendance is of the masculine gender, the three-fourths have no influence in the elections. Much more sensible would it be if those ministers would appeal to the women in their congregation to demand the ballot which would give them the right "to throng the primaries for the purpose of demanding the nomination of the cleanest, purest and best type of American manhood that can be found."

If the church ever hopes to influence elections it must secure the enfranchisement of women.

ELNORA M. BARCOCK

Kehoe at Carlisle.

[Carlisle Mercury.]

Hon. Jas. N. Kehoe, our able young Congressman, followed Mr. Franklin in one of the best campaign speeches ever delivered here. Mr. Kehoe is a prime favorite in Nicholas and is always heard gladly. The only thing that occurred to mar the occasion was the lack of food to feed the immense crowd—there was simply more people than was expected and preparations had not been made to feed so many. Notwithstanding this failure the hundreds of Democrats went home filled with enthusiasm and a determination to vote the Democratic ticket.

T. J. and J. W. Mullen have sold to John Henderson a house and lot on Clark's Run for \$290.

WELFARE OF THE STATE

Depends on Adoption of the Constitutional Amendment—A Cynthiana Editor's Opinion.

(Editorial from Cynthiana Democrat, Oct. 3, 1903.)

"And the General Assembly may, by general laws only, authorize cities or towns of any class to provide for taxation for municipal purposes, on personal property, tangible and intangible, based on income, licenses, or franchises, in lieu of an ad valorem tax thereon; provided, cities of the first class shall not be authorized to omit the imposition of an ad valorem tax on such property of any steam railroad, street railway, ferry, bridge, gas, water, heating, telephone, telegraph, electric light, or electric power company."

There is the constitutional amendment upon which the voters are asked to pass judgment at the November election, and upon the adoption of which the welfare, the advancement and the continued prosperity of Kentucky are believed to depend.

The change is easily understood. Instead of raising revenue to pay the expenses of city and town government—the salaries of the mayor, police, firemen, the maintenance of the streets, public improvements, etc.—by assessing personal property as under the present laws, the legislature may authorize cities and towns to adopt a license system. All property, real and personal, in cities and towns will continue to pay state and county taxes as usual. No change whatever will be made in this respect, so that people who live in the country may vote for the amendment under the full assurance that it will in no way affect their taxes; except the more the cities and towns build up and prosper, the lower the taxes on the whole people will become.

It is certainly asking a small favor that voters cast their ballots for this amendment at the November election. There is little doubt of its passage, if the people do not forget or neglect to vote on the question. There is no politics in it.

A Souvenir of the Sunny South.

Fair South Carolina's blue-clad hills, how beautiful ye seem!

Viewed from the heights of Orchard Hill, across Savannah's stream,
And all between the hills and dales are white as driven snow,
For 'tis in the fair Southland where the cotton blossoms blow.

And then there is the fishery, upon Savannah's shoals,
What pleasure 'tis to row bateaux and lure from their holes,
The catfish, perch, trout, roach and eel and bream,
And other finny denizens of fair Savannah's stream.

And in the dark recesses of the canebrake and the swamp,
With hounds and horn, the possum hunt with pine knot for a lamp,
We thread the stately canebrake and try upon the vines,
With wild halloo and blast of horn we have some jolly times.

But all these Southern spots I'd glad exchange to skate and coast,
And enjoy the wintry pleasures that the far North land can boast—
I long to hear the brave North wind with snow and storm so bold,
For I'm a Northern-Southerner and love the winter's cold.

GEORGE H. FRANK & CO.

IN MAYSVILLE.

Every Claim is Backed by Local Testimony.

If the reader wants stronger proof than the following statement and experience of a resident of Maysville what can it be?

Mrs. Willard Nichols, of 251 West Third street, says: "The result of the use of Doan's Kidney Pills proves them to be a most valuable remedy. Relief from backache follows from the first dose and a positive cure is effected in a short time. Mr. Nichols also used Doan's Kidney Pills with best results, procuring them at J. Jas. What the critic of the Enquirer said Sunday, October 18th, after the engagement there:

Think of "The Two Johns" doing the biggest business of Robinson's and a paying business too! Who would have imagined that this time-worn old farce would turn such a record. It did, and was well liked by the people that it attracted to that theater. A dozen years ago it was thought that it had outlived its usefulness, but the present revival only indicates how far out of line the managers were on that proposition, for Manager Arnold says that his local experience is but a duplication of others he has enjoyed since the tour started early in August.

Now if you want to spend an enjoyable evening go to the opera house Friday night and see "The Two Johns." Seats on sale at Ray's.

Harry Killegrew, the colored boy preacher who was here the past summer, was arrested at Louisville Tuesday night. In order to keep an appointment at one of the churches he tried to beat his way on the cars and when put off became insolent to an officer who accosted him, and was run in.

Neither Taylor at Indianapolis nor his party reaped any profit by the assassination of William Goebel, but rather infamy, confusion, ignominy, shame and contempt. Now Taylor at Washington doesn't reap much profit when he sells twenty-one pounds granulated sugar for \$1 and ten pounds of Arbuckle, Lion or Golden Rio coffee at \$1, but he gets reputation, advertising, name and fame.

At Georgetown, Ky., D. P. Ewing and wife were given judgment against Dr. A. C. Cook for \$195 damages. Sept. 7th Dr. Cook was riding in his automobile near Georgetown when he met Mr. and Mrs. Ewing driving towards him in a carriage. Their horse backed the carriage down a fifteen foot embankment and the vehicle was demolished and Mrs. Ewing received slight injuries. They sued for \$1,000 damages, the value of the carriage and \$10 doctor bill.

The Court of Appeals, in an opinion by Judge O'Rear, affirmed the Harrison Circuit Court in the case of D. Bradley Shawhan vs. Harrison County. Shawhan was the Auditor's Agent for Harrison County, and made a contract with the Fiscal Court in 1900 to collect certain back taxes owing the county, by which he was to receive one-fourth of the amount collected. The court holds that it was the duty of the Sheriff to make the collection, and that the powers of the Auditor's Agents are limited to sue for taxes on unlisted property.

A few people pretend to believe that it wasn't the fault of assassins Taylor, Powers, Youtsey and Howard that they have been so inconvenienced and punished, but rather the hate and prejudice of Judge Cantrell, prosecutors Campbell and Franklin and the various jurymen before whom the accused has been tried, as if any or all of these reputable men would gain any more by having innocent men punished for an infamous and diabolical crime than would all the thousands of other honest, sincere men in Kentucky, who are confident that the guilty parties and those who expected to be profited by so vile a proceeding are standing out in all their enormity and hideousness before the eyes of the world to-day.

An Open Fireplace Has Charms

Which no one will question. The blazing wood, the crackling logs, carry us back to the way our ancestors spent their winter evenings. But the wide stone hearths and bare floors are no more. The carpet and comfortable rugs before the modern fireplace now are a source of danger as well as comfort. If you are fortunate enough to have a fireplace, get all the pleasure from it you can, but don't run the risk of a fire. If there are children, more is the reason why you should be careful. THE WICHITA RACE TRACK.

It Was Measured and Found to Be Two Feet More Than a Mile.

Wichita, Kan., Oct. 22.—President C. M. Irwin Wednesday gave out a sworn statement of Ransom H. Brown, former county surveyor of Sedgewick county, that he measured the Wichita track over which Cresceus trotted a mile in 1:59 1/4 Monday afternoon and found it to be 5,282 41/10 feet, or 2 4/10 feet more than a mile long. The measurement was made June 19, 1900 and the track has not been changed since that time. Affidavits of official timers A. C. Jordan, N. E. Eames and Fred Stearns that 1:59 1/4 was the correct time.

A TRAGIC DEATH.

The Life Squeezed Out of a Young Woman By a Boa Constrictor.

Berlin, Oct. 22.—A young woman was squeezed to death by a boa constrictor at Voelklingen, Prussia, Wednesday while giving a performance in a menagerie. The spectators thought at first that her screams and frantic struggles as the snake tightened its coils were part of the show and applauded and cried "bravo" at the "realism" of her acting. The attendants, however, saw the woman's danger, ran in, beat the snake and slashed it with knives. The woman was dead when released.
